Parents

Our Golf Greens

We need to remind you that we are situated on a LIVE golf course, which means that while most golfers like to think that they know how to hit a ball, in reality, their shots could land anywhere so it is always safest to keep an eye on your children and not let them play near the greens or wander down the course on their own.

Our Lakes

The lakes while they look fantastic and possibly fun to play near or sit with your feet in, they are in fact very deep, slimy and not at all hygienic, we would ask that you NOT allow your children to play in or around them at any time.

Games

Here @ 300 Acres we like to think that we have thought of everything, so we have a cupboard with heaps of board games, card games, and colouring in for a little bit of extra entertainment (just in case the company and view is not enough) just ask one of our team and they will be happy to share.

TV / MOVIES

We have a TV ready and waiting to be watched with an apple TV hooked up, which means we have access to a heap of movies and TV shows for children of all ages. Again, just ask one of our team and we will be happy to load something up.
